# Kaua`i Community College Annual Program Review Update (APRU) for (Institutional Research & Analysis)

2017-2018

At a minimum, each program or unit Annual Program Review Update shall include measures described in <u>UHCCP 5.202</u>. Additional measures may also be used for program or unit assessment.

# **Program or Unit Mission Statement Mission:**

The Office of Institutional Research & Analysis at Kaua'i Community College serves as a resource by providing systematic, timely, user-friendly official data and research services that are used to enhance decision making and policy formulation, prepare mandated reports, and to measure institutional effectiveness.

## Part I. Program Description

External Factor(s)	None
that Affected the	
Program or Unit	

#### Part II. Analysis of Quantitative Indicators

Include the Annual Review of Program Data (ARPD; all <u>Instructional programs</u> and <u>Academic Support</u> programs - Library, Technology Resources, Testing Center, Tutoring, and Financial Aid), program-developed metrics (Institutional Effectiveness programs, Office of Continuing Education and Training, campus committees), or metrics required by <u>UHCCP 5.202</u> that are not provided as ARPD (<u>Administrative Service</u> programs and some Student Support <u>programs</u>) under review in table format below (EP 5.202 and UHCCP 5.202).

	<b>2017-2018</b> <sup>1, 2</sup>	2018-2019	2019-2020	2020-2021
DEMAND				
# Internal IR Requests	217			
# External IR Requests	18			
# Trainings/Workshops	11			
# Dashboards & Self- service Tools Created	22			
EFFICIENCY				
% Internal IR Requests Completed On-time	96%*			
% External IR Requests Completed On-time	100%			
# Processes Improved/Streamlined	108			
# Dashboard & Self- service Tool Users/Views	1,106			
EFFECTIVENESS				
Net Promoter Score	95			

<sup>\*</sup>Target Date adjusted to accommodate competing priorities

#### The Overall Program Health is Healthy.

<sup>&</sup>lt;sup>1</sup> Data glossary is located in Appendix 1

<sup>&</sup>lt;sup>2</sup> Health call scoring rubric is located in Appendix 2

This is the first year Institutional Research & Analysis is reporting for the Annual Report of Program Data. Institutional Research was a one-person unit that previously reported to the Chancellor's Office. During a reorganization in January 2017 Institutional Research moved to a newly created Institutional Effectiveness and University Center department. The title changed to Institutional Research & Analysis to foster data-informed support with an emphasis on analytic efforts and actionable deliverables. A new faculty member was hired to fill this role in August 2017.

Last year the department presented a list of quantitative indicators to measure demand, efficiency and effectiveness. Historically projects and associated deliverables were not effectively tracked and much of the methodology used to create the reports was not documented. As a result, automation of recurring reports through the development of scripts and the creation of dashboards to streamline work was a strong focus for 2017-2018. Building a knowledge base and code/report repository to streamline requests will allow more time to support strategic initiatives with actionable data. Equal emphasis was on tracking analytic efforts so quantitative indicators can be reported for this APRU reporting cycle.

The data for Quantitative Indicators were collected by using a request tracking database developed by the department; 235 requests were closed in the 2018 fiscal year. 54.5% were requested by faculty, 42% by staff and 3.5% were for external reporting purposes. 96% of all requests were completed by the target date indicated when the ticket was received. 4% of internal requests had the target date moved out to accommodate competing priorities or because IR was waiting on information from the requestor. The target date push was negotiated with the stakeholder prior to the due date.

In summary, strengths for this department are demand by faculty and staff, on-time deliverables, and a world-class NPS. An area to improve based on survey results is to offer more trainings and workshops.

## Part III. Assessment Outcomes (EP 5.202)

Assessment results for Program Service Outcomes (PSOs).

Report on survey results for the prior year.

- 1. List of the PSOs.
- 2. Indicate PSOs that were assessed in the year of this APRU.
- 3. Assessment findings.
- 4. Changes that have been made as a result of the assessment findings.

PSO	Assessed During this APRU Cycle (Y or N)	Findings	Improvements Needed	Next Assessment Date
Provide accurate, usable data for faculty and staff	Y	100% of requests in closed status for Fiscal Year. A request goes from resolved to closed once stakeholder confirms data met request needs	None	2018-2019
Provide timely and effective customer service	Y	NPS = 95	None	2018-2019
Reduce number of ad hoc requests through self-service reporting tools	Y	1,106 Dashboard & Self Service Users/Views	None	2018-2019

Part IV. Results of Prior Year Action Plans (UHCCP 5.202)

Action Plan	Anticipated Outcome	Actual Outcome
Tableau Professional License	Implement Self-Service	22 dashboards created
Funded from Department	Reporting	
Budget (\$655.20)	Provide consistency in	
	reported measures	
	Create Online	
	University Factbook	
Larger Monitors	Better ability to view	32" monitor purchased (2)
Funded from Department	data and dashboards	
Budget (\$416.00)		
Color Laser Printer	No Funding – Less than \$3,000	Not Funded – Using IE
		Color Printer

List any additional significant actions that impacted your program (e.g., new certificate, loss or gain of faculty or staff, stop outs, etc.).

None

## Part V. Analysis of Alignment with CPR

List the goals that were identified to be initiated, continued, or completed during this APRU cycle, in your last CPR, and if they were achieved. Be sure to include the benchmark, desired outcome, actual outcome, and unit of measure. If you completed your last CPR prior to 2018, please refer to \* in this section.

Goal/Strategic	Achieved	Benchmark	Desired	Actual	Unit of
Goal or	(Y or N)?		Outcome	Outcome	Measure

					Score
					Scale 1-5

## Describe any impacts these goals had on your health indicator(s).

Dashboard creation to automate processes and lower the number of ad hoc requests the department received helped Demand Indicator 4 (# Dashboards & Self-service Tools Created) and Efficiency Indicators 3 and 4 (# Processes Improved/Streamlined, # Dashboard & Self-service Tool Users/Views). Survey Data included as evidence to support healthy status for Effectiveness indicator.

\*Based on findings in Parts I – IV, develop an action plan for your program or unit from now until your next CPR date. This should include goals that align with the College Mission, measurable outcomes, benchmarks, and alignment to the College's Strategic Priorities, and/or Strategic Goals. Be sure to focus on weaknesses identified in ARPD data, PSLO outcomes, results of survey data, and other data used to assess your unit or program. This plan should guide your program and subsequent APRUs, but may be amended based on new initiatives, updated data, or unforeseen external factors.

Effectiveness Indicators	15
1 – Net Promoter Score from IR Survey	15

#### **Demand Indicators**

#### 1 – Number of Internal IR Requests

**Data Source:** Institutional Research & Analysis Request Tracking Database

REQUEST\_TRACKING.ISSUES, REQUEST\_TRACKING.CONTACTS

#### **Definition/Description**

Total number of Institutional Research tickets in closed status from July 1 to June 30 (Fiscal Year) requested by internal stakeholders.

#### 2 – Number of External IR Requests

**Data Source:** Institutional Research & Analysis Request Tracking Database

REQUEST TRACKING.ISSUES, REQUEST TRACKING.CONTACTS

#### **Definition/Description**

Total number of Institutional Research tickets in closed status from July 1 to June 30 (Fiscal Year) requested by external stakeholders.

#### 3 – Number of Trainings/Workshops

**Data Source:** Institutional Research & Analysis Request Tracking Database

REQUEST\_TRACKING.ISSUES, REQUEST\_TRACKING.CONTACTS

#### **Definition/Description**

Total number of Institutional Research tickets in closed status from July 1 to June 30 (Fiscal Year) for Training or Workshops.

#### 4 – Number of Dashboards & Self-Service Tools Created

**Data Source:** Institutional Research & Analysis Request Tracking Database

REQUEST\_TRACKING.ISSUES, REQUEST\_TRACKING.CONTACTS

#### **Definition/Description**

Total number of Institutional Research tickets in closed status from July 1 to June 30 (Fiscal Year) for Dashboards & Self-Service Tools.

#### **Efficiency Indicators**

#### 1 – Percentage of Internal IR Requests Completed On-Time

**Data Source:** Institutional Research & Analysis Request Tracking Database

REQUEST\_TRACKING.ISSUES, REQUEST\_TRACKING.CONTACTS

#### **Definition/Description**

Percentage of Institutional Research tickets in closed status from July 1 to June 30 (Fiscal Year) completed on time and requested by internal stakeholders.

#### 2 – Percentage of External IR Requests Completed On-Time

**Data Source:** Institutional Research & Analysis Request Tracking Database

REQUEST\_TRACKING.ISSUES, REQUEST\_TRACKING.CONTACTS

#### **Definition/Description**

Percentage of Institutional Research tickets in closed status from July 1 to June 30 (Fiscal Year) completed on time and requested by External stakeholders.

#### 3 – Number of Processes Improved/Streamlined

**Data Source:** Institutional Research & Analysis Request Tracking Database

REQUEST\_TRACKING.ISSUES, REQUEST\_TRACKING.CONTACTS

#### **Definition/Description**

Number of Institutional Research tickets in closed status from July 1 to June 30 (Fiscal Year) improved or streamlined by using code and/or dashboard to automate task.

#### 4 – Number of Dashboards & Self-Service Tool Users/Views

**Data Source:** Institutional Research & Analysis Request Tracking Database

REQUEST\_TRACKING.ISSUES, REQUEST\_TRACKING.CONTACTS,

**Tableau Public View Counter** 

#### **Definition/Description**

Number of views from July 1 to June 30 (Fiscal Year) to dashboards & self-service tools. For data that is available via web the count is derived by using view counter in Tableau Public. For internal resources, dashboard usage is tracked in the Self-Service/Refresh field in the Institutional Research and Analysis Request Tracking Database.

#### **Effectiveness Indicators**

#### 1 – Net Promoter Score from IR Survey

**Data Source:** Google Form – Institutional Research & Analysis User Satisfaction Survey <a href="https://docs.google.com/forms/d/e/1FAIpQLSeoeOlOsOUNhX6WCzfM7Wned5JOW4Wl5Iq0pAu57RLzhgvSqw/viewform?usp=sflink">https://docs.google.com/forms/d/e/1FAIpQLSeoeOlOsOUNhX6WCzfM7Wned5JOW4Wl5Iq0pAu57RLzhgvSqw/viewform?usp=sflink</a>

#### **Definition/Description**

Net Promoter Score®, or NPS®, measures customer experience and predicts business growth. This proven metric transformed the business world and now provides the core measurement for customer experience management programs the world round.

#### The NPS Calculation

NPS is calculated by using the answer to a key question, using a 0-10 scale:

# How likely is it that you would recommend Institutional Research & Analysis to a colleague?

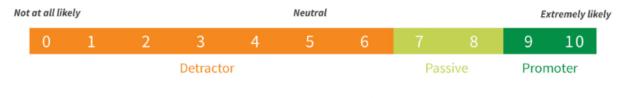

Respondents are grouped as follows:

**Promoters** (score 9-10) are loyal enthusiasts who will keep buying and refer others, fueling growth.

Passives (score 7-8) are satisfied but unenthusiastic customers who are vulnerable to competitive offerings.

**Detractors** (score 0-6) are unhappy customers who can damage your brand and impede growth through negative word-of-mouth.

Subtracting the percentage of Detractors from the percentage of Promoters yields the Net Promoter Score, which can range from a low of -100 (if every customer is a Detractor) to a high of 100 (if every customer is a Promoter).

% PROMOTERS - % DETRACTORS = NPS (NET PROMOTER SCORE)

## Appendix 2

# 2018 ANNUAL REPORTS OF PROGRAM DATA INSTITUTIONAL RESEARCH ANALYSIS DEPARTMENT SCORING RUBRICS

Numbers in parentheses refer to the data elements of the UHCC Annual Reports of Program Data.

Area	Benchmark	Scoring
DEMAND		
Monitoring the capacity and need		
for the unit.		2 = Healthy
Number of Internal IR Requests (1)	2= 175 or more; 1 = 125 to 174; 0 = Less than 125	1 = Cautionary
Number of External IR Requests (2)	Not used in Health Call	0 = Unhealthy
Number of Trainings/Workshops (3)	2 = 10 or more; 1 = 6 to 9; 0 = Less than 6	
Number of Dashboards & Self-		
Service Tools Created (4)	2 = 6 or more; 1 = 3 to 5; 0 = Less than 3	
EFFICIENCY		
Monitoring how time is budgeted		
and spent in the unit.		2 = Healthy
Percentage of Internal IR Requests		
Completed On-Time (1)	2= 85% or more; 1 = 70% to 84%; 0 = Less than 70%	1 = Cautionary
Percentage of External IR Requests		
Completed On-Time (2)	2= 100%; 1 = 90% to 99%; 0 = Less than 90%	0 = Unhealthy
Number of Processes		
Improved/Streamlined (3)	2 = 50 or more; 1 = 30 to 49; 0 = Less than 30	
Number of Dashboards & Self-		
Service Tool Users/Views (4)	2 = 1,000 or more; 1 = 700 to 999; 0 = Less than 700	
EFFECTIVENESS		
Monitoring the quality of products		
produced by the unit.		2 = Healthy
Net Promoter Score (1)	2= 70 or more; 1 = 50 to 69; 0 = Less than 50	1 = Cautionary
		0 = Unhealthy
