i. The departmental office assistant (DOA) will notify the division in writing or by email of the eligibility criteria for division chair (forwarding this document is sufficient) and provide a list of the current division member(s) who meet the eligibility criteria. All Bargaining Unit 7 (BU7) division members are eligible to nominate someone from this list. It is the responsibility of the nominator(s) to elicit consent to serve from the nominee(s). Once nominee(s) have been identified within the division and placed on the meeting agenda, the division will meet to discuss the nominee(s). During this meeting, each nominee will be provided an opportunity to present to the division members. The DOA will ensure all BU7 eligible voting members are invited to this meeting.

ii. Voting will take place by secret electronic ballot. All nominees will be placed
on the ballot. All BU7 members within the division who wish to participate may cast a vote. Division members will also be given the option to abstain from voting. The DOA will inform the campus vice chancellor for academic affairs (VCAA) or designee of the nominees and names of eligible division voting members. The VCAA (or designee) will develop, send out the ballot, and tabulate the results. Votes must be received by the ballot deadline to be valid. The actual vote tallies will be recorded by the VCAA and reported to all division members and the chancellor. The chancellor then announces his/her/their division chair appointee following the UHPA CBA process.
