Research Questions

   - Do these equity gaps vary from those of Pacific Islander Students?
   - What actionable interventions can be implemented to eliminate these gaps?

2. What equity gaps exist for Pacific Islander student success?
   - Do these equity gaps vary for specific Pacific Islander ethnicities?

3. How can these NH and PI disaggregated data be displayed in a visually meaningful way to readily foster institutional equity awareness, practice evaluation, and drive actionable interventions for eliminating equity gaps?

4. Are these equity gaps and actionable interventions generalizable to other institutions for broader, positive impacts to NH and PI student success?
